LR 85  
LB 382, 158, 565, 582,  
583, 587.

SENATOR VENDITTE: Would it be possible to vote the bill up or down at this point?

SPEAKER MARVEL: No. Do you want to suspend the rules?

SENATOR VENDITTE: I would like to make that question of the Chair if I could...

SPEAKER MARVEL: Well you can try it with a suspension of the rules. Senator Venditte, you're in a bind to this extent that we have motions up here that need to be considered before yours would be considered. I have only one suggestion to you. If you have one more time, you see that the vote comes up before the end of the thirty minutes. The Chair did all it could do to help you.

SENATOR VENDITTE: I know that, Mr. Speaker, but the point is if the amendments keep piling up on the Chair...the desk, there is just simply nothing that we can do, and I guess that's closer...

SPEAKER MARVEL: Well I guess there is something you can do but then that's your...that's your affair. So with that in mind, I think we've been fair with you, Senator Venditte, and that will close the discussion today on LB 382, and we're ready to...the Legislature will be at ease for about two minutes and then we'll take up the next bill.

EASE

SPEAKER MARVEL: The Legislature will please come to order.

CLERK: Can I read two things?

SPEAKER MARVEL: Yes.

CLERK: Mr. President, Senator Stoney would like to print amendments to LB 382. Your Committee on Enrollment and Review respectfully reports that we have carefully examined LB 158 and recommend that same be placed on Select File. The Committee on Enrollment and Review respectfully reports we have carefully examined and engrossed LB 565 and find the same correctly engrossed, 582 correctly engrossed, 583 correctly engrossed. New resolution, LR 85, offered by Senator Chambers. (Read LR 85 as found on Pages 1921 and 1922 of the Legislative Journal.) That will properly be referred to the Executive Board, Mr. President. Senator Haberman asks unanimous consent to print amendments to LB 587.
